## **1 COACH = 1 VOICE initiative**

### **OUTLINE**

Pagewood Botany FC takes conduct around the grounds very seriously. This includes Players, Coaches, Managers and Parents. We want to emphasise the importance of our coaches and allowing them to coach the team effectively. Therefore in all the games there is ONE COACHING VOICE and that is the coach.

We want our players to enjoy the game and not feel pressured by too many instructions which will create distortion in their decision making.

The 1 Coach = 1 Voice Initiative is to have 1 instructive voice on the sideline.

Players are instructed by their coach on match day.

We encourage parents to cheer the team on! Where it becomes confusing for the child and other players in the team is when a parent is instructing their child or other children on the pitch when this is the coaches job.

Look out for these barriers around Jellicoe Park as a reminder.
